

Hello everyone,

This season, Golf Québec, in collaboration with Golf Canada, has made a change in the operating system for the registration of its competitions by partnering with Golf Genius.

The change will take place at the provincial level and in the regions that have also made the move to work with the Golf Genius platform.

A new platform also means a wave of changes in the way we register for our competitions. As registration for Golf Québec competitions started on March 29 and will start shortly in many of our regions, here are some of the do's and don'ts when registering:

- 1) To complete a registration, you must access your Golf Canada Score Centre account by clicking on the icon  available on the [competition schedule](#) page or in the portal of an event.
- 2) You must then enter your Golf Canada Score Centre credentials.
 - a. If you receive a message while entering your credentials that your membership is no longer active, you will need to contact **your club** to activate it. *Golf Québec cannot activate your membership.*
 - b. *****WHAT NOT TO DO *****It is important to understand that if you are a member of a Golf Québec member facility, you already have an account in the Golf Canada Score Centre and you do not have to purchase a new membership at \$49.95 on the Golf Canada website.
 - c. If you do not know your login information, click on **Forgot your password or username?** On the next screen, enter your e-mail address to receive this information.
 - d. If you do not receive a message after entering your e-mail, please contact Sandrine Bigras at sbigras@golfquebec.org for assistance.
- 3) Once you have returned to the initial page where you were entering your credentials in the Score Centre, you will have 2 options:
 - a. You will be able to register for one tournament at a time by clicking on **Add to Pending List** and following the next steps. You will then need to repeat this action for each competition you wish to register for.
